Dear Sir/Madam,

Your refund request for 10493832 in the amount of \$810.00 has been denied.

We can not grant a refund as requested. The RCE was an appropriate response to the final action. The RCE had the correct identifying information (application number and inventor's name). The fact that the papers were separated is in accordance with the office policy of matching application papers with the application that applicant identifies based upon the application number and inventor's name.

Finally, it appears that there has been a change in purpose after the filing of the RCE. A change in purpose after the fact will not justify a refund, See MPEP 607.02.

Sincerely,

Earline Green
